GENERAL INFORMATION

ICPC Code Citation: MCL 3.711 through 3.717

Statutory Penalties Under Article IV: Violation may be punished or subject to penalty in either jurisdiction in accordance with its laws. In addition to liability for any such punishment or penalty, any such violation shall constitute full and sufficient grounds for suspension or revocation of any license, permit or legal authorization held by the sending agency.

Restriction on Importation into Michigan (MCL 400.115e): requires written approval by the Family Independence Agency for placement of children into the state in family home of unrelated persons. Relative is defined as a relative within the 5th degree of affinity or consanguinity. If the plan is adoption, through a Michigan Juvenile Court, prior approval of the judge in the county where the adoption is final is also required.

Penalties: Violations of the adoption code (placement into an adoptive home without rights of both parents being terminated and assessing fees not approved by the court) is a misdemeanor upon the first conviction and a felony upon subsequent convictions. Chapter X, Michigan Probate Code, MCL 710.21 et seq.

Placement of children in an unlicensed foster home is a misdemeanor. (MCL 722.125)

Court Jurisdiction: Circuit Court, Family Division handles adoptions, termination of rights, delinquency, abuse and neglect, divorce, support and custody.

SPECIAL INFORMATION:

Custody Investigations: Requests are to be forwarded to the local county Friend of the Court for service.

REQUIREMENTS:

Reports: Quarterly unless otherwise requested.

Licensing Requirements: License required for non-relative families, child caring institutions and private child placing agencies. Certification of public agencies (MCL 722.115)

PLACEMENTS:

Adoption Petition: If the adoption is to occur under Michigan law, the local Family Court division of the Circuit Court must issue an order of permanency **prior** to a child being placed in the home. To obtain the court order, the petition, homestudy, supporting documents and consent (unless specifically prohibited by the sending state's law) must be on file with the court prior to the adoption proceeding.

Independent Adoptive Placements: Michigan law allows direct consent adoptions with unrelated persons providing the placement occurs in conjunction with licensed adoption attorney or licensed adoption agency.

Intercounty Adoptive Placements: Services are provided to requesting families by licensed private child placing agencies.

Interstate Adoption: Requests are referred to a private agencies or licensed adoption attorneys registered with the Office of Children's Ombudsman for service unless the child is related to the adoptive family within the 5th degree of affinity or consanguinity; or is a ward of another state or a court in another state. Such cases are referred to the appropriate local Family Independence Agency office. Supervisory period for an adoptive placement is a minimum of 6 months. Part or all of the supervisory period can be waived for good cause by petition to the Family Division of Circuit Court. Adoption must be completed within 18 months of placement, or the petition will be dismissed unless an appeal is pending.

Michigan extends comity to adoption laws of other states. If the adoptive placement is in Michigan but proceeding under the laws of another state and will be finalized in the other state, it will be considered a legal adoption in Michigan.

NOTE: Michigan law does not permit a non-Michigan licensed child placement agency to come into Michigan to place a child, do a home study, or perform any other part of the adoption process.

Termination of Parental Rights: If the adoption is to occur in Michigan, the rights of ALL parents must be terminated regardless of the marital status of the parents.

Adoption Central Registry: The Michigan Adoption Code establishes an adoption registry for birth parent's statements of consent or denial to the release of identifying information to adult (defined as age 18) adoptees. The law requires release of non-identifying information upon request to adult adoptees, adoptive parents, and birth parents.

Residential Placements: Placements into a residential child care facility require interstate approval.

- Requirements for Placement: ICPC 100A, child summary, diagnostic evaluation and custody documents (unless private placement). Additional requirements may be established by the individual facilities.
- Approval of Facilities: Department of Consumer and Industry Services, Bureau of Regulatory Services, Child Welfare Licensing Division is responsible for the licensing of childcare institutions.
- Monitoring of the Child: The sending agency is responsible for arrangements made for the purpose of supervising and monitoring.
- Philosophy for Placement of Non-Resident Youth: Placements must comply with the ICPC and be in the best interest of the child. Placements should only occur when an appropriate treatment facility does not exist within the sending state.

Requirements for Foster Care Placements: Licensing of all non-relative foster home placements is required. Children placed from Michigan into other states are to be in homes, which meet the licensure, approval, or certification requirements of the receiving state.
